

Hannah West, a student in the Civil Engineering program at UT College of Engineering, received several awards. This summer, Hannah was selected to present her research at the *Posters at Capitol* in Columbus, Ohio. She was also awarded funding by UT's Undergraduate research and Creativity Activity Program and was one of eighteen students awarded the Ohio EPA Environmental Scholarship. Her winning continued this fall as she added "Best Undergraduate Presentation" at the Toledo Sigma Xi Symposium and "Best Poster" at the Water Management Association of Ohio's Fall Conference in Columbus, Ohio.
