Jim McAuley
Sr. Karen Zielinsky
2006 OUTSTANDING INDIVIDUAL
PHILANTHROPIST

Dr. Thomas E. and Elizabeth Brady

The Bradys have donated meaningful gifts to nominator The University of Toledo in support of the College of Engineering and other annual and endowed funds within the University. A recent pledge is to support freshman engineering students who are involved in entrepreneurial programs — a first of its kind nationally.

Their generous philanthropy includes the beautiful scenic overlook platform by the rustic covered bridge in Wildwood Metropark. Their support to the United Way of Greater Toledo is now well into five figures. The cultural arts of Toledo are equally important to the Bradys, as reflected in their ongoing financial support of the Toledo Museum of Art, the Toledo Symphony Orchestra and the Valentine Theatre.

When former University of Toledo President Dan Johnson thanked Tom and Betsy publicly for their recent gift to UT, he referred to them as “a couple which is engaged in the life of the University and community ... people who think about the future.”
