Chuck Heine
President,
LNC Group, LLC

Chuck Heine is the President and Founder of LNC Group LLC, which provides operational and investment services in the fields of durable goods production and engineering with focus in the vehicular products market.

Prior to founding LNC Group, Chuck spent five years with MAHLE, an \$8 Billion global producer of automotive and heavy truck engine components and services, as the Vice President and General Manager NAFTA operations. In addition he served as the Managing Director of MAHLE Powertrain (formerly Cosworth Engines). MAHLE Powertrain provides innovative engineering, hardware, software, and manufacturing solutions for today's critical vehicular engine fuel economy and emissions requirements in the NAFTA, Europe, China, and Brazil markets.

Prior to joining MAHLE Powertrain, Chuck was the President of Technology Development and Diversified Products and member of the Executive Committee of Dana Corporation. Dana Holding Corporation (formerly Dana Corporation) is a global developer and manufacturer of vehicular driveline and chassis products for the automotive and heavy truck markets. Chuck's career there spanned many disciplines and leadership functions including product engineering, research engineering, plant manager, general manager, president of Asia Pacific, and president of the Engine Systems Group.

Chuck received a Bachelor of Science degree in Mechanical Engineering from Purdue University, a Master of Science degree in Engineering from the University of Texas, and an MBA from Indiana University. He is a graduate of the Harvard Business School's Advanced Management Program. Chuck has received four patents, published three technical papers, and is a recipient of the Automotive Hall of Fame Young Leadership and Excellence Award.
