American Council of Engineering Companies of Ohio
Northwest Ohio Region
2016 Scholarship Application

This year, ACEC’s NW Ohio Region will be awarding two (2) scholarships, one (1) at $2,000 and the other at $1,000. To qualify, a student must be a U.S. citizen pursuing a Bachelor’s degree in an Accreditation Board for Engineering & Technology (ABET)-approved engineering program or in an accredited land surveying program. Students must be entering their junior, senior, or fifth year in the Fall of 2016 to qualify. **Students graduating in December 2016 are not eligible.** Students must either be attending an accredited university in NW Ohio (i.e. – University of Toledo or Ohio Northern University) or have permanent residence within the ACEC NW Ohio Region and be attending another ABET-accredited university.

Your interest and commitment to the business and management of the profession are important. You are encouraged to reflect that throughout the application. **Applications and all supporting information must be submitted not later than February 26, 2016.**

Be as complete as possible while filling out this application. Each portion of the application has a specific point value. Judges will score each section separately. **Incomplete applications will not be considered.**

**Scoring**

- **Cumulative Grade Point Average:** 20 points
  A copy of your current transcript must be included with the application to verify the stated GPA.

- **Essay:** 30 points
  Essays must be typed or neatly printed. Points may be lost for poor grammar, incorrect spelling, illegibility, or lack of neatness. Proofread carefully.

- **Work Experience:** 20 points
  List your most recent work experience first and include any jobs held during high school. Indicate the year in school during which you held a particular position. Indicate if your work experience was in the form of work study, co-op, or practice. Clearly identify the nature of the business of the listed employer(s); in particular, note consulting engineering or land surveying firms. Be complete and accurate. List additional experiences on a separate sheet and attach if necessary. The more experience you list, the higher your potential score.

- **Recommendation:** 20 points
  A recommendation is needed from an engineering professor, a consulting engineer, or a land surveyor. Use the enclosed form – a letter is generally not sufficient. Greater weight will be given for a recommendation from a consulting engineer or land surveyor. **The evaluator must send the recommendation directly to the ACEC NW Ohio Region at the address provided.**

- **College Activities:** 10 points
  Indicate all college activities, including offices held in any organization. Be as complete as possible. If there are no activities, write “none.” The more activities you list, the higher your potential score.
2016 ACEC NW Ohio Scholarship Application

Include a certified grade transcript and clearly identify your cumulative grade point average on a four-point scale:

My GPA is ____________.

Essay

On a separate sheet of paper, write a short essay (approximately 500 words) on the following topic:

What do you believe are the most critical values/components of the consulting profession and how will you apply these to your career as an engineer or surveyor?

Your interest, understanding and commitment to the business and management of our profession are important and should be reflected in the essay.
