Tenure Track Faculty Position in Geotechnical Engineering - 962235

The Department of Civil Engineering at the University of Toledo invites applications for a tenure-track Assistant or Associate Professor position in Geotechnical Engineering, with appointment beginning as soon as Fall 2011. Exceptionally qualified research scholars will be considered for tenure at the rank of associate professor. Successful candidates must have demonstrated abilities in, or evidence of outstanding potential for research and teaching undergraduate courses in Geotechnical and Civil Infrastructure, and graduate courses in Geotechnical Engineering.

The Department is particularly interested in receiving applications from candidates with the potential for a sustained research program in the areas of geotechnology at the interface with energy and the environment, and sustainable civil infrastructure. The successful applicant is expected to develop a strong externally funded research program and relevant collaborations with faculty in the Department, College of Engineering and campus community. Opportunities exist to participate in the Intermodal Transportation Institute, UT-University Transportation Center, Institute for Sustainable Engineering Materials and the Lake Erie Center. Additional resources include the Center for Materials and Sensor Characterization, University Instrumentation Center, the Polymer Institute and several programs for commercialization of new innovations. For more information about the Department and research facilities at The University of Toledo, visit http://www.eng.utoledo.edu/civil/ and http://www.eng.utoledo.edu/.

Applicants must have an earned doctorate in Civil Engineering, or a closely related field. One to two years of postdoctoral or research and development experience beyond the Ph.D. degree is highly desirable. Consideration will also be given to candidates who are in the final stages of completing their doctoral programs. Licensure as a professional engineer is expected within three years of appointment. The University of Toledo is one of only seventeen U.S. public universities to offer professional and graduate academic programs in business, education, engineering, health and human services, law, medicine, nursing, and pharmacy. The University is state assisted, with an enrollment of approximately 23,000 students of which about 4,700 are graduate and professional students.

Rank and salary will be commensurate with qualifications and funds are available to establish a research program at the University. Consideration of qualified candidates will begin after January 1, 2011. The position will remain open until an appointment is made. For full consideration, applicants are encouraged to submit the following: a cover letter which addresses the position qualifications; a curriculum vitae; a one-page statement of teaching philosophy and interests; a one-page summary of research philosophy and interests; and the names, addresses, emails and telephone numbers of three references to UT Geotechnical Engineering Faculty Search, Attn: Dr. Cyndee Gruden, Search Committee Chair, 3006 Nitschke Hall, MS 307, The University of Toledo, 2801 W. Bancroft Street, Toledo, OH 43606. Applications will also be accepted by email at civilgeotech@eng.utoledo.edu [please include UT Geotechnical Engineering Faculty Search in the subject line].

The University of Toledo is an Equal Access, Equal Opportunity, Affirmative Action Employer and Educator.
